## About IIE

By enabling outstanding men and women to study, conduct research, receive practical training, or provide technical assistance outside their own countries, IIE works to develop current and future leaders. The programs IIE administers, on behalf of far-sighted sponsors and donors, foster mutual understanding among nations, build global problem-solving capabilities, and strengthen the international competence of U.S. citizens. IIE is the most experienced nonprofit educational and cultural exchange agency in the United States.

Over the past decade, in response to new challenges, IIE has also become a prominent actor in international training and technical assistance.
