

# Giving to IIE

For over 75 years, IIE has created exchange and assistance programs and provided educational services to meet changing world needs, from helping rebuild European universities after World War I to strengthening American expertise for the global economy. Support from foundations, corporations and individuals makes IIE's programs and services possible. IIE warmly thanks the sponsors and donors listed in the following pages for supporting the work of the institute by sponsoring special initiatives, making unrestricted charitable contributions, or participating in IIE events.

## Special Initiatives

These are programs IIE initiated or expanded to meet timely objectives with the support of individuals, foundations, corporations, and/or governments. In 1995 these goals ranged from initiating a global exchange program for engineering students to expanding international exchanges in the arts.
