

CAPEES AND INSTITUTE OF INTERNATIONAL EDUCATION

APPLICATION FOR STUDY IN THE UNITED STATES FOR A FELLOWSHIP, SCHOLARSHIP, ASSISTANTSHIP OR OTHER EDUCATIONAL GRANT

READ ALL INSTRUCTIONS AND INFORMATION CAREFULLY BEFORE COMPLETING APPLICATION

INSTRUCTIONS

Upon receipt of your application through CAPEES, The Institute of International Education (IIE) will make every effort to secure admission for you at a suitable educational institution and, if applicable, to arrange any necessary scholarship assistance. **YOU SHOULD NOT MAIL THIS FORM DIRECTLY TO ANY UNIVERSITY IN THE UNITED STATES.**

1. All forms in this application are to be completed in English and typewritten in black ink or printed from a computer.
2. Each page of the following application carries its own instructions which should be read carefully before proceeding.
3. Every question must be answered completely and carefully. Please make every effort to limit your responses to the space provided.
4. Incomplete applications will not be considered.
5. *Do not mention the names of any U.S. universities you wish to attend in the five page Application. The Confidential Information Sheet is included for that purpose.*

APPLICATION

A complete application consists of the following components:

1. Application

In these five pages you will state biographical information, study objectives, curriculum vitae, and other information. Please note the following special instructions on certain numbered fields in the application:

(15.) Degree Objective: The requirements for completing academic work toward a degree vary depending upon the degree desired, the candidate's academic background and the regulations of the individual U.S. institution to which the candidate is admitted. It is usually not possible to obtain a degree in one academic year. Although the minimum time required for a Master's degree is one academic year, a student should expect to spend from at least one additional summer session to an additional academic year to complete the academic requirements. For the Doctoral degree, at least two to three academic years are required beyond the Master's degree. However, many students find four or five years necessary, and in some cases even longer. Please note that the length of your degree program may exceed the available funding and sponsorship limits of your grant.

(24.) Study Objectives: The description of your study objectives in the U.S. is an essential and highly important part of your application. You should take great care in writing a clear and detailed description of the program you want to pursue. An unclear, incomplete or overly brief statement can result in your being referred to an institution not suited to your scholastic needs, or in your not being accepted by any university. Do not list your choice of universities here or anywhere else in the five pages of the application.

2. Confidential Letters of Reference

You must submit four letters. U.S. universities consider letters of reference extremely important. All letters of reference should be written by teachers under whom you have studied or pursued research or by someone who has supervised you in work related to your proposed field of study. Letters of reference should not be written by persons related to you either by blood or marriage, or by personal friends. At least one academic and one professional or work related letter must be included among the four letters you provide. The letters of reference should be written in English, if possible. If they are not, a translation must be provided. Please be certain to ask that both pages of the form are completed.

3. Confidential Information Form

The information you provide in this section is used for IIE's internal purposes and as a release form to obtain standardized test scores when necessary. You may list your choice of U.S. universities on this form only.

4. Standardized Tests

You are required to take one or more of the following standardized tests to gain admission to U.S. universities. For instructions on registration, contact your Selection Committee or the Educational Testing Service, Princeton, New Jersey 08541, USA.

A. TESTS OF ENGLISH LANGUAGE PROFICIENCY:

TEST OF ENGLISH AS A FOREIGN LANGUAGE (TOEFL): TOEFL is an admissions requirement at U.S. institutions for applicants whose native language is not English. All non-native English speaking candidates should immediately register for TOEFL.

(Continued over)

TEST OF WRITTEN ENGLISH (TWE): The TWE is designed to measure an individual's ability to communicate in writing in English. It consists of essay questions similar to those which students are expected to produce as part of their classroom work at colleges and universities in the United States.

TEST OF SPOKEN ENGLISH (TSE): The TSE is designed to measure an individual's ability to communicate verbally in English. Graduate candidates who are recommended for teaching assistantships should register for this test.

MICHIGAN ENGLISH LANGUAGE ASSESSMENT BATTERY (MELAB): The MELAB may be accepted as a preliminary English proficiency evaluation for nonnative speakers of English who have not yet been able to sit for the TOEFL exam.

B. REQUIRED ADMISSIONS TESTS FOR GRADUATE CANDIDATES:

GRADUATE RECORDS EXAMINATION (GRE): The GRE is required by U.S. graduate schools and/or departments for candidates in most fields other than Business Administration and Law. Applicants should make every effort to register for the earliest possible administration of the GRE.

GRE SUBJECT TESTS which had previously been optional are increasingly becoming a requirement for departmental review. All graduate candidates should make every effort to take the appropriate GRE Subject Test in their field of study.

GRADUATE MANAGEMENT ADMISSIONS TEST (GMAT): GMAT is an admissions requirement for applicants proposing to study Business or Management, as well as any fields which may fall within the scope of offerings of a Business school or department. Arrangements should be made immediately to take the GMAT.

5. Transcripts

Applicants must attach official, complete and certified academic documents covering the entire period of study at universities and other post-secondary institutions. Documents must be accompanied by complete official English translations. These documents must consist of:

- i One certified, official record (transcript) from each university or post-secondary institution listing the subjects you studied and the grades you received during each year of your enrollment. Include all post-secondary institutions you have attended, even those from which you did not receive a degree or diploma. These transcripts must be submitted in sealed envelopes.
- ii Certified, official evidence of each post-secondary or university degree, diploma or certificate awarded to you should be included as part of the completed application.
