Students CANNOT translate their own transcripts. Unofficial transcripts will not be accepted by universities in the United States. An official translation is one that is completed by a skilled translator who is able to provide an accurate and complete interpretation of the original transcript. IIE recommends that students ask a school official to translate and stamp the documents with a signature or institutional seal. IIE will also accept translations completed by the EducationUSA office. You should consult an EducationUSA Advisor regarding the translation of your documents.***

b) 2 Instructor Evaluations from your teacher(s) or professor(s). Please download the common application "Instructor Evaluation" form and have your professor or teacher fill it out. This form is available under the "School Forms" section of the common application website. Reread "Step 5" for detailed instructions. ***If your Instructor has provided a recommendation in Portuguese, it must be translated. You can consult someone at your institution or EducationUSA regarding translations of these recommendations. All official translations must be signed and stamped by the entity or individual completing it.***

c) College Official's Report (See above for instructions)

d) Passport – **please make sure that your Passport is valid through September 2014.**

e) Scanned copy of your TOEFL score report or screenshot of your test results – While we need an official copy directly from ETS, having a copy immediately with your other application materials is very helpful, particularly if your name is written on your TOEFL differently than how it appears on your passport.

Please make sure that the attached files are not larger than 10MB in total. If your message is larger than 10MB, split your attachments between multiple messages to make sure each message is less than 10MB. **Any message larger than 10MB will not be received. Our e-mail system automatically rejects messages larger than 10MB.**

The e-mail should state that you have submitted the Common Application and IIE's Supplementary Application. In your e-mail you should also note which required documents are attached. IIE will review your application and contact you as necessary. Thank you for your interest in the Brazil Science Without Borders Program!
