About the IIENetwork Membership Program

IIENetwork is IIE’s membership program with more than 1,300 member institutions around the world. Each IIENetwork designee is an important link in a network of over 7,000 individuals with a commitment to the internationalization of their institutions. When your institution joins the IIENetwork, you benefit from discounts, publications, events, webinars, member resources, and learn from others in the industry. Each institutional member designates one membership contact and several additional individuals, such as the president or CEO, study abroad advisors, international student advisors, the chief international education officer, and other individuals who work on internationalizing your campus.

Who are IIENetwork Members?

- Higher education institutions: accredited universities and colleges including community colleges, HBCU’s

The Power of International Education

We live in an age of astonishing connections, with limitless occasion for people to interact, to learn and to share across thousands of miles. To make the most of these connections, we need international education. At IIE, we believe that when education transcends borders, it opens minds, enabling people to go beyond building connections to solving problems together.

As the world leader in international education and exchange, IIE advances scholarship, builds economies and promotes access to opportunity for all people. We do this to build more peaceful and equitable societies.

From creating and delivering innovative scholarship and study abroad programs to designing multicultural workforce training and leadership development initiatives, we help people and organizations thrive in today’s interconnected world.

There are no limits to the power of international education.
