We currently use an SIS and ask that the LMS be able to integrate with other systems as outlined on page 8 of the RFP.

The timeline is still being determined but we intend to have the LMS go-live with content by late June at the earliest.

We are currently planning to have approximately 10 to 20 courses during summer and fall 2020.

We request to have responses to Attachment A Statement of Work and Attachment B Cost Proposal Template within the 10-page limit (or digital resources). 6) What is the current LMS that is being used?
Our organization is not currently using an LMS for the requested courses.
Updated User Groups:
Our new user group model will be based on one of these 3 scenarios. Since this is our first year implementing an LMS, we are still exploring the best options.

Additionally, the estimated number of content authors is 15 to 20.
