As part of its GSA commitment, EUSA-Academic Internship Experts has created two scholarship initiatives designed to increase participation in its internship abroad programs by assisting students with program costs.

**Name: EUSA Live, Intern, and Learn Abroad Scholarship**

**Description:**
EUSA-Academic Internship Experts believes that the experience of interning abroad can provide valuable learning and career development opportunities. In an effort to increase access to internship abroad programs by addressing financial barriers, EUSA created the Live, Intern, and Learn Abroad Scholarship initiative. The Live, Learn, and Intern Abroad program is designed to award scholarships to U.S. undergraduate students participating in a program that includes a EUSA internship. The program began in 2017 and will continue through 2020. Scholarships are awarded each program term (Spring, Summer, Fall) in amounts ranging from $500 to $2,000.

**Deadlines (past or upcoming) of the scholarships:**
February 1st for Summer term participants; March 30th for Fall term participants; October 16th for Spring term participants

**Impacts of the scholarship programs (if applicable)**

The Live, Intern, and Learn Abroad Scholarship initiative has helped raise awareness both of internship abroad programs and funding resources for our partner universities and their students. The Scholarship is currently highlighted as a funding resource on at least 7 partner university websites. The Summer term application drew applicants from 16 partner universities. Thus far, EUSA has awarded 3 scholarships for the Summer 2017 term. The initiative will continue to award scholarships from $500 to $2,000 to students each term through 2020.
Name: University at Albany, State University of New York GSA Scholarship

Description:
In an effort to encourage more underrepresented UAlbany students to include an internship experience during their semester in Madrid, EUSA-Academic Internships Experts provides scholarships for up to 5 students which covers the full internship placement cost. The scholarship program began in 2014 and will run for 5 years.

Deadlines (past or upcoming) of the scholarships:

May 1st for Fall term participants and November 1st for Spring term participants

Impacts of the scholarship programs (if applicable)

The scholarship program has raised awareness across campus about the opportunity to intern abroad in Madrid and has had a dramatic impact on the number of students who are able to undertake an internship. Thus far, EUSA has awarded 10 scholarships to UAlbany students and anticipates the number to grow during the final two years of the program.
