

TOEFL® Practice Online

Give your students official TOEFL® test practice in and out of the classroom

Combines test practice and targeted skills practice

TOEFL® Practice Online can be used in both instructor-led and independent learning environments, giving your students practice in and out of the classroom.

TOEFL Practice Online Features:

- Previously administered TOEFL test questions
- Same-day feedback on all four skills measured on the TOEFL test — listening, reading, speaking and writing
- Timed mode to give students the real test-taking experience
- Untimed mode for students to check their answers as they take the practice test
- 24/7 online access for practice in the classroom, the language lab or at home
- Score reports that students can print and give to their teachers

How you can use TOEFL Practice Online:

1. Assess your students' initial abilities with the complete practice test
2. Assign targeted skills practice for areas that need improvement
3. Discuss practice test results with students
4. Tailor your curriculum to meet the needs of your students
5. Assign additional practice tests and skills practice to determine readiness for test day

You can use TOEFL Practice Online in conjunction with other TOEFL test prep products, such as *The Official Guide to the TOEFL® Test*, and the *Official TOEFL iBT® Tests with Audio* book.

For more information on TOEFL Practice Online, visit www.ets.org/toeflpractice or contact your local ETS Preferred Network at ets.org/epn_directory.
