1. Is there a targeted budget amount or maximum award ceiling?

There is not a targeted budget amount or a specific award ceiling. While cost is an important factor in the evaluation of proposals, there are five other factors that will be taken into consideration as well: Proposed Program Content, Experience and Past Performance, Staffing, Support for Diversity, and Seminar Location. The proposed budget should be detailed and should use the template provided in Attachment B of the RFP.

2. With the wide variance of housing costs from city to city/region to region, I’m curious as to how you will account for that in the project evaluation beyond what you’ve stated in Sect 5?

Housing costs will be considered within the Cost Proposal component of the proposal with other budgeting factors as detailed in Attachment B of the RFP. However, the Cost Proposal will be evaluated alongside the other evaluation criteria set out in Section 5 of the RFP. The Institute of International Education will select a contractor which submits the strongest overall proposal.
