

IIE Combatting Trafficking in Persons and Safeguarding Against Exploitation, Sexual Abuse, Child Abuse and Child Neglect Compliance Plan (“Plan”)

I. Background

The United States Government has adopted laws, regulations, and provisions to combat trafficking in persons (“CTIP”), and safeguard against exploitation, sexual abuse, child abuse and child neglect (“Safeguarding”).¹ This body of laws, regulations and provisions prohibits IIE, a U.S. Government contractor/implementer, or any member of the IIE Community, from engaging in activities considered trafficking in persons, exploitation, sexual abuse, child abuse and child neglect. IIE has prepared this Plan, which describes the general requirements of these laws, regulations and provisions and outlines the means by which IIE will comply with them. IIE Team Members and members of the IIE Community must comply with this Plan and promptly report violations to Grants and Contracts, the Legal Department or through the below hotline if a Team Member prefers to report anonymously.

Members of the IIE Community or its agents must not:

1. Engage in severe forms of trafficking in persons;
2. Procure commercial sex acts;
3. Use forced labor;
4. Engage in any exploitation, sexual abuse, child abuse, or child neglect, support or advance these actions, or intentionally ignore or fail to act upon allegations of these actions.
5. Engage in acts that directly support or advance trafficking in persons, including the following acts:
 - a) Deny access by any means to an employee’s identification or immigration documents;
 - b) Use misleading or fraudulent practices during the recruitment of employees or offers of employment;
 - c) Charge recruitment fees to employees (or prospective employees);

 - e) Provide or arrange housing that does not meet host country housing and safety standards;
 - f) Fail to provide an employment contract, recruitment agreement, contract in written form, or other required work document if required by law.

A violation of this Plan or of the Code of Conduct may result in disciplinary action.

III. *Applicability*

Unless otherwise indicated below, this Plan applies to all IIE Team Members and the IIE Community, including interns, volunteers, and members of the Board of Trustees. IIE Team Members with access to or contact with program beneficiaries, involved in recruitment, housing arrangements, subawarding and subcontracting, and program implementation, in particular, must ensure compliance in applying the applicable elements of this Plan when carrying out their daily work.

IV. *Plan*

IIE's Plan includes the following key elements, each explained in further detail below:

- A. CTIP and Safeguarding Awareness
- B. Reporting Process
- C. Recruitment and Wage Plan

- D. Housing Plan
- E. CTIP and Safeguarding Guidelines
- F. Prevention Procedures for Agents, Subawardees and Subcontractors

A. Awareness Program

a. IIE Worldwide Code of Conduct

The IIE Worldwide Code of Conduct contains principles, guidelines, and requirements for all IIE Team Members that reflect the highest ethical standards. The Code informs Team Members of the USG's and IIE's commitment to Safeguarding and this Plan outlines the prohibited activities. Upon beginning work with IIE, all new Team Members are required to read and sign IIE's Worldwide Code of Conduct. Team Members are also required to read and certify their compliance with the Code of Conduct every year.

b. Training

The Grants and Contracts Department provides periodic mandatory training in Ethics and Compliance. In addition, Grants and Contracts holds periodic training activities with Team Members in IIE's regional and international offices in order to review the requirements of specific awards, including CTIP and Safeguarding requirements.

An online Combatting Trafficking in Persons training developed by the U.S. Department of State and the U.S. Department of Homeland Security are also available to Team Members at the following link: <https://www.state.gov/humantrafficking-public-awareness-training/>.

Additional resources on Safeguarding developed by USAID are available online at the following link: <https://www.usaid.gov/safeguarding-and-compliance/partners>.

c. CTIP and Safeguarding Awareness

This Plan is posted on Eddie.

For IIE Team Members, the IIE Worldwide Code of Conduct contains principles, guidelines, and requirements that reflect high ethical standards. The Code informs Team Members of the U.S. Government's and IIE's commitment to safeguarding against the prohibited activities outlined in this Plan.

For program participants, this Plan will be posted in IIE's application portal, Slate.

For subrecipients, subcontractors, and vendors, this Plan and additional resources will be posted on IIE's procurement page.

B. Reporting Procedures

IIE's Worldwide Code of Conduct requires IIE Team Members to report all violations of the Code, including any known or suspected cases of human trafficking activities, exploitation, sexual abuse, child neglect and child abuse. It contains procedures for raising compliance questions, concerns, and violations without fear of retaliation including through an anonymous hotline.

IIE requires all Team Members to report known or suspected cases of human trafficking, exploitation, sexual abuse, child neglect and child abuse to Grants and Contracts, the Legal Department, or through the hotline if a Team Member prefers to report anonymously.

IIE maintains a Hotline for individuals who prefer not to discuss their concerns in a face-to-face setting. Individuals can contact the Hotline through a toll-free telephone number (for domestic offices) or via a website. The Hotline is available 24 hours per day, seven days per week:

U.S. Hotline Number: 1-800-461-9330

Web Hotline: www.convercent.com/report

In addition, individuals may use an external hotline phone number provided by the Global Human Trafficking Hotline at 1-844-888-FREE and its email address at help@befree.org, or the [National Human Trafficking Resource Center](http://www.nationalhumantraffickingresourcecenter.org) at 1-888-373-7888. Reports of human trafficking can also be submitted on its website: <http://www.traffickingresourcecenter.org/report-trafficking>.

Upon receipt of credible information of human trafficking or safeguarding violations, IIE will report the matter to the appropriate agency Inspector General in a timely manner and cooperate in any investigation.

In investigating and responding to the alleged violations, IIE will take a “survivor-centered approach”. Such an approach ensures the survivor’s dignity, experiences, considerations, needs, and resiliencies are placed at the center of the process.

C. Recruitment and Wage Plan

IIE is committed to the highest ethical standards in recruitment and fair wage practices. IIE only uses credible and established recruitment companies with trained employees, and prohibits charging recruitment fees to the employee or prospective employee. IIE conducts market research to determine fair and equitable wages for its overseas employees that meet applicable host-country standards. IIE maintains a written compensation guide which is available to IIE Team Members on Eddie.

D. Housing Plan

While IIE does not typically provide or arrange housing for Team Members, occasionally temporary living accommodations may be arranged for program beneficiaries. Team Members are required to take steps to ensure that IIE contracts with responsible providers, and to the extent possible, that such housing meets local housing and safety standards.

E. Safeguarding Guidelines

IIE has a zero-tolerance approach to any form of exploitation, sexual abuse, child neglect and child abuse by any Covered Individual with access to, or contact with, program beneficiaries. IIE strictly prohibits all Covered Individuals from engaging in any form of prohibited activities with program beneficiaries. All Covered Individuals must fully comply with local and international child welfare legislation, and U.S. child protection laws, or international standards, whichever affords greater protection. IIE has developed a detailed set of Safeguarding Guidelines that are available on Eddie.

F. Prevention Procedures for Agents, Subawardees and Subcontractors

a. *Flow-down of Anti-Trafficking and Safeguarding Requirements*

IIE requires subawardee and subcontractor awareness of and compliance with anti- trafficking and Safeguarding requirements by including the applicable CTIP and Safeguarding provisions in their agreements, whenever required by US laws and regulations or other sponsor requirements. Subawards and subcontracts will include the Combating Trafficking in Persons clause, and other applicable regulations or provisions related to Safeguarding will be incorporated by reference. Subrecipients and Subcontractors under USAID funding that receive agreements greater than \$500,000 are required to annually certify or provide an acknowledgement to IIE that they are in compliance with the CTIP regulations.

b. *Subawardee and Subcontractor Monitoring and Management*

IIE has a robust subawardee and subcontractor monitoring and management program. Team Members who engage third parties as suppliers, consultants, independent contractors, or vendors must use reasonable care to engage third parties who will act in a manner consistent with IIE's principles. Responsibility determinations or pre-award questionnaires (risk assessments) are conducted for all subawardees and programmatic contractors under USG contracts, cooperative agreements, and grants. Based on the results of the risk assessment, IIE may require special award conditions, monitoring, and audit plans for the subawardee or programmatic contractors under USG contracts. The appropriate regulations and/or provisions related to the USG agency and award type must be flowed-down to all subawardees and subcontractors.
