Website: www.usf.edu

Undergraduate student enrollment: 36,452

Public/Private: Public

Graduate student enrollment: 9,241

Type of Institution: Doctoral, Very High Research

Institutional Description (limit 250 words): The University of South Florida, a high-impact research university dedicated to student success and committed to community engagement, generates an annual economic impact of more than \$6 billion. U.S. News & World Report has ranked USF as one of the nation's top 50 public universities for five consecutive years, and this year USF earned its highest ranking ever among all universities public or private. In 2023, USF became the first public university in Florida in nearly 40 years to be invited to join the Association of American Universities. Through hundreds of millions of dollars in research activity each year and as one of the top universities in the world for securing new patents, USF is a leader in solving global problems and improving lives.

Partnership Information
